**Financial Highlights – June 8, 2022**

- Working on year end accounting, adjustments, prior year invoices
  - The last month of the fiscal year typically takes longer to “close out”
  - For this reason, snapshot financial statements this early won’t be accurate
- Next big milestone is the AUD – Annual Update Document – due to NYS by July 30<sup>th</sup>
- Followed by the external auditors (EFPR Group) – not yet scheduled
- New Fiscal year began June 1<sup>st</sup>
  - All payroll raises were implanted the past pay period on a prorated basis (June 1 – 4)
- CFA Grant is due on July 24<sup>th</sup>
  - I have been watching program specific webinars as they are scheduled for more details & tips
  - At this time, I have not yet identified any funding sources that could benefit the Village
    - Most water & sewer projects (and infrastructure) require design & engineering reports, among other requirements, to be submitted with the application
  - I am doing a deeper look into the Parks/Historic funding opportunity

**JUNE 2022**

### **CURRENT APPLICATIONS**

On May 18th, we reviewed and approved an application from Butterfield Library for adjustments to the side entrance on the south facade. The existing setup combines a noncompliant ramp with an undersized pedestrian stair. The approved proposal will remove the stairs to increase the depth and turning radius of the ramp. We also reviewed and approved an application for two replacement windows at 17 Parrott Street, as well as an application for replacement siding. Lastly, we reviewed and approved a new fence at 20 Rock Street.

On June 1st, we met to approve minutes and discuss outstanding issues on the Design Standards.

Our standing workshop meeting, scheduled for June 15th, will likely be canceled due to a thin quorum and a lack of new applications.

### **BOARD WORK/PROJECTS/NOTES**

- On June 8th, we are meeting to submit our final edits of the Design Standards to the designer.

Respectfully submitted,

Sean Conway

Dear Mayor Foley and Village Trustees:

The Planning Board met on May 5, 2022, to receive the Agreement on Parking Waivers, reached between the Village Trustees and the applicant of 40 Main St. The Board passed a Resolution, 4 in favor, 1 opposed, to approve the Application for a change of use of the property from retail to mix-retail and office use that had been pending while the Applicant and the Village Trustees agreed to the terms of the parking Waiver Agreement.

While the Board approved the Application, it voiced strong concerns in the Resolution about some of the terms of the Waiver Agreement. The Board would appreciate a response to its concerns and would be happy to work with the Trustees to resolve them. The Board wishes to thank John Furst for his help in drafting the resolution.

Also on May 5, 2022, the Board continued the discussions of its ongoing investigation per Sec 21.9 of the Village Code of the potential Planning implications for the Village of Cold Spring of the Hudson Highlands Fjord Trail. Based on the Chairman's Report at the meeting of April 14, 2022 and the input of the members of the Board, the Board instructed the Chair to write a letter of concern to the Village Trustees. The substance of that letter was approved also at the Meeting of May 5, 2022, in the presence of Counsel and pending minor editorial changes was signed by the Chair on behalf of the full Board and sent to the Mayor and Trustees on May 18, 2022.

At the Board's meeting of May 26, 2022, the Members continued to discuss the Hudson Highlands Fjord Trail. MJ Martin, the HHFT's director of community engagement and development attended the Meeting. It was agreed that the Fjord Trail should make a full presentation of their proposal to the Planning Board and a tentative date of June 23 seems mutually agreeable.

Respectfully,  
Jack Goldstein, Chair

#### **REPORT TO THE VILLAGE BOARD OF TRUSTEES**

**06/3/2022**

The TAB did not hold it's May monthly meeting due to a personal health issue of the chairperson. However, May was a very busy month of tree work!

Some updates:

1. **NEW TREE GUARD INSTALLED:** A new tree guard was installed at the site of the "Essential and Frontline Workers" memorial tree on the NW corner of Main St and Morris Ave. The guard is a different, taller, design from our sidewalk guards due to the specific needs of its location. It provides higher level visibility for cars and delivery trucks and snow plows while also protecting from errant foot traffic. We have been collaborating with Mr. Downey to install the memorial plaque at the site as well and hope to plan a ribbon cutting ceremony this fall. If you recall, the tree project was initiated by former Mayor Dave Merandy in conjunction with Community Day festivities last September, and we are pleased to help complete it.
2. **TREE REMOVAL & PRUNING WORK:** Our fiscal-year end pruning and removal work was completed this month with excellent results. The two largest oaks in Waterfront Park were root pruned and aid-spaded in a Phase-1 of several phases approach to try to address some significant and concerning girdling root issues and improve the health of these two highly-valuable and much-enjoyed trees. Three willows in Mayor's Park with major safety issues were addressed, one was removed and two were safety pruned. The fir tree in McConville Park near the 9/11 Memorial site, which was originally a village holiday tree, was pruned and all trash and old lights were removed from it. The construction-related damage to the tree near the Main St Wall project was addressed. Three lovely Ginkgo trees on Paulding Avenue near Academy St were maintenance pruned and several hazardous conditions with trees on Mountain Ave, Lunn Terr Parsonage St and other locations were addressed.
3. **PARROTIA TREE PROBLEMS-** Two Parrotia trees planted a year ago in the village, including the one in front of village hall, are being monitored because they did not leaf out very well this spring. We will update the board on any progress.

Respectfully,  
Jennifer Zwarich  
Chairperson
