If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

<b>Part 1 – Project and Sponsor Information</b>				
Name of Action or Project: 133-135 Main Street Renovation and Alteration				
Project Location (describe, and attach a location map): South side of Main Street, one building east of Kemble Ave (adjacent to the former Hudson Hill's restaurant)				
Brief Description of Proposed Action: Project Location: South side of Main Street, 2 doors east of Kemble Avenue. The current structure consists of half the ground floor as rented commercial space, and the other half a single family residence that includes the entire second floor. The commercial portion of the structure has a glass and paneling storefront across the width of the facade, and a masonry stoop with steps that run parallel to the sidewalk. The residential portion has a small, wood-framed covered porch, and smaller, residential-scale windows on the first floor, which are similar to the all of the street-facing windows on the second floor. Our intention is to convert first floor residential portion to create a second commercial space. The new commercial space would have a similar glass and paneling storefront to match the existing. We propose to replace masonry stoop and wood porch with single covered wood porch on Main Street facade; convert single family residence on second floor to two apartments accessible from new stairs and deck at rear. Extend portion of rear to match existing rear-yard previous additions. Energy efficiency updates to building envelope and all electric mechanical systems. Possible solar panels at rear
