Qualified in Putnam County
Commission Expires June 15, 2024

Statement of Work #1

This is a Statement of Work #01 (this "SOW #01") to the Terms and Conditions (the "Agreement") having an effective date of **December ____, 2021** ("Effective Date") entered into by the **Village of Cold Spring** organized under the laws of New York (the "Village") and _____ a _____ organized under the laws of _____ ("Contractor"). This SOW #01 is to be read and interpreted in conjunction with the Agreement and all terms of the Agreement are incorporated into this SOW #01 by reference. Together the Agreement and the SOW are the "Agreement".

1. **Statement of Work Effective Date:** MMMM DD, YYYY

2. **Statement of Work End Date:** MMMM DD, YYYY

3. **Work to be done under this SOW ("Services"):** Under vendor management of the Crew Chief and the Village, Contractor shall provide Refuse and Recyclables collection, removal and disposal services, including all necessary equipment and labor as follows:

a. All Services hereunder, including collection, removal and disposal shall meet all requirements and specifications set forth in the Bid Packet, attached hereto.

b. Contractor-Supplied Bins for Refuse and Recyclables

i. At the onset of Services hereunder Contractor shall supply the Owner(s) of each Parcel identified in Exhibit A with, one (1) 35- or one (1) 65- or one (1) 95-gallon Bin for Refuse. If no preference is given, a 95-gallon Bin will be supplied by the Contractor (the "Contractor-Supplied Refuse Bin(s)"). If at any time during the term of the contact, an Owner would like to exchange the Contractor-Supplied Refuse Bin with a 35-, 65- or 95-gallon Bin, the Village will make that request to the Contractor and the Contractor will make the exchange at no cost to the Owner. During the term of this SOW, Contractor shall supply additional Contractor-Supplied Refuse Bin(s) to Owner(s) of up to 261 additional Parcels to be determined by Village.

ii. At the onset of Services hereunder Contractor shall supply the Owner(s) of each Parcel identified in Exhibit A with one (1) 35- or one (1) 65- gallon Bin for Recyclables. If no preference is given, a 65-gallon Bin will be supplied by the Contractor (the "Contractor-Supplied Recyclables Bin(s)"). During the term of this SOW, Contractor shall supply additional Contractor-Supplied Recyclables Bins to Owner(s) of up to 261 additional Parcels to be determined by Village.

iii. For the avoidance of doubt, notwithstanding the number of residential or commercial units within each Parcel serviced under this SOW, Contractor's obligation to supply Bins as set

forth in subsections 3.a.i & ii above shall be limited to not more than one (1) Refuse Bin and one (1) Recyclables Bin per Parcel.

c. Refuse Collection and Disposal

i. Contractor shall furnish all materials, equipment (including replacements) and labor required to collect, remove and dispose of Refuse once per week for each Parcel set forth in Exhibit A, and up to 261 additional Parcels to be determined by Village.

ii. Contractor shall furnish all materials, equipment and labor required to collect, remove and dispose of Refuse once per week for each Refuse Dumpster and Location set forth in Exhibit B.

iii. Contractor shall furnish all materials, equipment (including replacements) and labor required to collect, remove and dispose of refuse twice per week for each Public Refuse Container set forth in Exhibits C & D and up to 9 additional Public Refuse Containers not to exceed 55 gallons each and at locations to be determined.

d. Recyclables Collection and Disposal

i. Contractor shall furnish all materials, equipment (including replacements) and labor required to collect, remove and dispose of Recyclables once per week for each Parcel set forth in Exhibit A, and up to 261 additional Parcels to be determined.

ii. Contractor shall furnish all materials, equipment and labor required to collect, remove and dispose of Recyclables once per week for each Recyclables Dumpster and Location set forth in Exhibit B.

iii. Contractor shall furnish all materials, equipment (including replacements) and labor required to collect, remove and dispose of Recyclables twice per week for each Public Recyclables Container set forth in Exhibits C & D and up to 9 additional Public Recyclables Containers not to exceed 55 gallons each and at locations to be determined.

e. In the event Contractor-Supplied Refuse or Recyclables Bins are damaged to the point of being unmanageable to Contractor or Parcel Owner, Contractor shall replace such Bins at Contractor's cost. Any such replacement Bins shall be of equal or greater quality and shall be of similar shape, capacity and dimension and the selection of which shall be subject to Village's prior written approval, not to be unreasonably withheld or delayed.

f. The Contractor shall at its own cost and expense perform all labor and supply all necessary vehicles, tools, equipment, materials and other facilities for the collection, removal and delivery of the Refuse and Recyclables in strict conformance with these specifications. Equipment shall be

maintained in good working order and operating condition and shall be kept reasonably clean for both safety and sanitation. Collection vehicles shall not be overloaded so that garbage and trash may spill or drop therefrom nor shall the bodies of the vehicles or Containers permit leakage of liquids. All work required by these specifications shall be performed and completed in a neat and workmanlike manner. Contractor agrees to repair or pay for any damages to private, public or municipal property caused by performance of this SOW.

g. All vehicles used in association with servicing this Agreement must comply with all New York State and Federal Vehicular laws and regulations, including emissions standards, prior to the commencement of and throughout the term(s) of this SOW. Contractor is responsible for any penalties for non-compliance issued by official governmental agencies.

h. The Contractor shall collect, remove and dispose of residential, commercial and municipal Refuse and Recyclables from the curb or designated area on a day or days of the week agreed to by the Village. Any spillage into the road or sidewalks while moving Bins, Dumpsters or Containers to the truck or while emptying the Bins, Dumpsters or Containers into the truck, must be cleaned by the Contractor before moving to the next collection pick-up. A broom and shovel shall be carried on each truck to facilitate clean up.

i. The Contractor must immediately contact the Crew Chief, via email at highway@coldspringny.gov with a copy to the Village of Cold Spring Clerk at vcsclerk@coldspringny.gov, of all Refuse or Recyclables not collected.

j. Contractor reserves the right not to pick-up Bins, Dumpsters or Containers that exceed their designed capacity (overflowing). All habitually overflowing Bins, Dumpsters or Containers must be reported to the Crew Chief, via fax or email at highway@coldspringny.gov with copy to the Village of Cold Spring Clerk at vcsclerk@coldspringny.gov .

k. Parcel Owners may purchase additional 35-, 65- or 95-gallon Refuse Bins or additional 35- or 65-gallon Recyclables Bins. Contractor shall specify the amount to be charged annually for each size and this amount shall be included on the attached Bid Form. Cost and scheduling of additional Bins will be the sole responsibility of the Parcel Owner.

l. Contractor must be prepared to deal with any accidental mixing, in either Refuse or Recyclables collection, of Hazardous Waste and report such conditions to the Crew Chief immediately.

m. All Refuse and Recyclables must be transferred to and disposed of at a New York State licensed and accredited facility. Facility must have a current New York State license and comply with all Local, State of New York and Federal government rules, regulations and laws regarding the disposal and transfer of waste and/or recyclable materials. Contractor is responsible for any penalties for non-compliance issued by official governmental agencies.

n. Contractor shall provide a plan to the Village setting forth its plans to pick-up Refuse and Recyclables during emergency conditions, including hurricane, flood, snow or other acts of nature. If during any one day the Contractor shall fail to make collections in a portion of the Village, the Contractor shall notify the Highway Crew Chief and the Village of Cold Spring Clerk. Contractor shall proceed the next day to collect the previous day's route. If the Contractor finds impassable road conditions in the Village, the Contractor must immediately notify the Crew Chief.

o. No Parcels for which collection costs are currently privately paid shall be included in the Services hereunder or in Village's collection costs

p. The Contractor is responsible for maintaining a list of Parcels, Dumpsters, Containers, Bins and their locations for which collection is done under this SOW. Such a list must include the Parcel address, number and size of Dumpster(s), Container(s), Bins(s) collected.

q. No Representations by Village. The Village does not make any representations in connection with the work. Contractors must become fully aware of the conditions relating to the work and shall assume all risks in connection therewith. Failure to do so will not relieve the successful Contractor of its obligation to furnish and perform the work, or to carry out the provisions set forth in the specifications and the contract incorporating the same.

r. Notification of changes. The Contractor will be responsible for notifying the Village of any changes in collection so that notices can be posted on the Village of Cold Spring Website, www.coldspringny.gov. Notification of such changes shall be sent to the Crew Chief, via fax or email at highway@coldspringny.gov with copy to the Village of Cold Spring Clerk at vcsclerk@coldspringny.gov.

s. Failure to Collect Refuse and Recyclables. If the Contractor either refuses or neglects to collect Refuse and Recyclables in accordance with the terms of these specifications, and if in that event expenses accrue to the Village by reason thereof; then in that event, the actual cost thereof shall be deducted from the next payment due to Contractor. Any failure to collect for a two (2) week period shall be deemed a material breach, and the Village shall be afforded any and all rights given to it by law and these specifications.

t. Cancellation. In the event Contractor shall fail to furnish and operate the required equipment and personnel in the manner as required herein so that the public shall fail to receive regular removal of Refuse and Recyclables, the Village, may, on three (3) days notice to the Contractor or surety by registered mail, abrogate and cancel the contract by resolution declaring that the public health and welfare is impaired by the service of the Contractor. In such instance, Contractor shall be liable for any increased cost or expense incurred by the Village as a result thereof in arranging for the removal of Refuse and Recyclables for the balance of the contract term.

u. Claim for Extra Work. No claim for any extra work outside of the work herein specified shall be made by the Contractor unless an express written agreement fully enumerated shall be entered into in advance in which shall; be specifically set forth the price and terms under which said work is to be done. The Village assumes no responsibility for estimating the present or future volume of garbage, trash, or Recyclables in the Village and takes no responsibility in estimating such volume.

v. Closed Streets. Contractor and Village shall arrange to make regular collections notwithstanding streets which may be closed or obstructed for repairs or otherwise to the extent the covered Parcel may be safely accessed. A schedule for pickup on a closed street shall be mutually determined by the Village and the Contractor.

w. Weather. The Contractor shall be required to perform all of the provisions of these specifications except due to extreme weather conditions that prevent safe performance of the work on the scheduled date. The Contractor shall perform required pickups as soon as practicable after weather delayed service.

4. Subcontractors. Contractor shall not provide Services, or any portion thereof, through subcontractors, without the express written approval of Village. Contractor may provide certain of the work to be done under this SOW through subcontractors. All such subcontractors will look only to Contractor for direction and compensation under the terms of this SOW and Contractor hereby agrees that all terms and conditions applicable to Contractor under this SOW and the Agreement shall be applicable to such subcontractors and that Contractor shall be fully responsible for each such subcontractor's compliance with the terms and conditions of the SOW including but not limited to the Agreement.

5. Fees. In full and final consideration for the satisfactory and complete performance of Services hereunder, the Village shall pay Contractor fees as defined and calculated in the accepted Bid, payable monthly on Village's acceptance of Services for the month billed or on Village's receipt of Contractor's invoice for such sum, whichever is later.

6. Invoices. Contractor shall submit invoices to the Village monthly. Each monthly invoice shall include the total tonnage each of Refuse and Recyclables collected and disposed of during the month in question.

7. Contractor's Billing Contact. The name, email address and phone number of Consultant's billing contact under this SOW is _____ whose email address is _____@_____ whose phone number is _____.

8. Insurance: Consultant shall maintain the insurance coverage required under the Agreement throughout the term of this SOW.

9. Additional Terms and Conditions.

a. The Village reserves the right, upon written notification to the Contractor, to add to or delete from the attached Exhibits A, B, C and D at any time during the term of this Agreement, including renewal term.

b. The Village reserves the right to change the collection schedules set forth in the attached Exhibits A, B, C & D at its discretion.

Accepted and agreed:

THE COLLECTION AND DISPOSAL OF RESIDENTIAL AND COMMERICAL REFUSE AND RECYCLABLES WITHIN THE VILLAGE OF COLD SPRING (the "Bid")

BID DUE DATE: NOVEMBER 19, 2021

CONTRACTOR: PANICHI HOLDING CORP. d/b/a ROYAL CARTING SERVICE CO.

SUPPLEMENTAL RESPONSES

In support of and in further response to the above Bid, the Contractor submits the following:

1. Bid Package. Page 39 of 62 – Statement of Work #1 Section 3b.i –The Owner shall be responsible for the replacement cost of the equipment in the event the equipment is stolen, lost, or misplaced; or, without Contractor fault, replacement is required in the event the equipment is damaged due to negligence, improper use or vandalism, or under any circumstances other than ordinary wear and tear in the course of the proper use of the equipment.
2. Bid Package. Page 39 of 62 – State of Work #1 Section 3c.iii - The Contractor shall not be responsible to replace at no cost Contractor-Supplied Public Refuse Container(s) in the event that the equipment is stolen, lost, or misplaced; or, without Contractor fault, replacement is required in the event the equipment is damaged due to negligence, improper use or vandalism, or under any circumstances other than ordinary wear and tear in the course of the proper use of the equipment.
3. Bid Package. Page 39 of 62 – State of Work #1 Section 3d.iii - the Contractor shall not be responsible to replace at no cost Contractor-Supplied Public Recyclables Container(s) in the event that the equipment is stolen, lost, or misplaced; or, without Contractor fault,

replacement is required in the event the equipment is damaged due to negligence, improper use or vandalism, or under any circumstances other than ordinary wear and tear in the course of the proper use of the equipment.

4. Bid Form. Section 6- The Alternate Facility for all Municipal Solid Waste and Recyclables shall be the Royal Carting Transfer Station, Route 82, Hopewell Junction, New York, 12533. This facility is owned and operated by the Contractor and its affiliate and operates all equipment necessary for processing and transporting the waste for ultimate disposal. Accordingly, the Village is assured that in the event of a scheduled or unscheduled interruption in deliveries by the primary disposal sites, the collection and disposal of the Village's municipal solid waste and recyclables will continue uninterrupted. The Westchester Peekskill Burn Plant and the Dutchess County Resource Recovery Burn Plant which are primary sites for disposing of Village municipal solid waste are not required to accept out of county (in this case Putnam County) solid waste without regard to the Village's status as a municipality. Given the continuing reduction in disposal site alternatives for solid waste generated in the Mid-Hudson Region, owning and controlling the alternate disposal site is in Contractor's view a critical element in assuring that the Village will have uninterrupted sanitation service.

VILLAGE OF COLD SPRING

CURBSIDE COLLECTION AND HAULING OF REFUSE AND RECYCLABLES

COMPETENCY OF BIDDER STATEMENT

Panichi Holding Corp. DBA, Royal Carting Service Company has been in the solid waste and recyclable removal service continuously since 1955. Our company, which currently employs about 150 people, has a centralized management structure. The company's president, Emil Panichi, founded the company and is supported by a General Manager and an on-site General Counsel. Mr. Panichi is also the owner and operator of Welsh Sanitation located in Amenia, NY. Our facility is supported by a yard foreman, and each function (accounting, dispatching, sales and marketing, accounts receivable, accounts payable, human resources, safety, maintenance and financial control) is headed by a manager, each of whom report directly to the President. If awarded this contract, the contract administrator will be Vincent Nunziato. Mr. Nunziato is the Sales Manager for Royal Carting Service and is also responsible for the direct supervision of Royal's large commercial account division to which your account will be assigned. Mr. Nunziato has been in the solid waste business for over 20 years, holds a commercial driver's license and has personally operated various collection vehicles, negotiated commercial and federal, state, local and municipal contracts, supervised subsequent contract administration and is familiar with all phases of our industry.

Royal Carting manages multiple large accounts with complex service requirements including many municipalities such as the towns of Kent, Fishkill, Hyde Park, LaGrange and Ulster, the villages of Nelsonville, Pawling, Red Hook, and Wappingers Falls and the counties of Dutchess, Greene and Ulster. A representative list of Royal's commercial accounts include IBM (both East Fishkill and Poughkeepsie sites), many area school districts, the Poughkeepsie Galleria, Central Hudson, Marist College, Vassar College and several New York State correctional facilities. Each of these accounts include multiple locations and require various types of equipment and varying service schedules. This, plus Royal's vast experience, assures the Village of Cold

Spring an unparalleled experience and superior skill to provide every service required in a timely and professional manner. Your account will be supervised by a dispatcher who will report directly to Mr. Nunziato. Royal operates a New York State Department of Environmental Conservation fully licensed transfer station facility that can receive solid waste including construction and demolition debris and recyclable material. Our company operates a fleet of over 120 vehicles and all Royal drivers are provided with mobile telephones ensuring immediate communication. Royal Carting possesses every permit, certificate and/or license required by federal, state or local government agencies having jurisdiction with respect to the services provided, all of which are current and in good standing.

Royal has never failed to complete any federal, state, or municipal contract in its over 50 year history. Most importantly, Royal Carting serves as a state approved contractor with the New York State Office of General Services (NYS OGS). Our current NYS OGS contract number is PS 62049. There is no higher standard of current and past performance that must be satisfied than to bid for, and then to be awarded, New York State OGS contractor status. Our company has held this status with New York State for over ten continuous years since it submitted its initial bid to serve as a certified OGS contractor.

CONTRACTOR'S AFFIDAVIT

EMIL PANICHI, being duly sworn, deposes and says:

1. I reside c/o 409 Route 82, Hopewell Junction, New York 12533;
2. I make this Affidavit in support of and supplementing the Contractor's response to a bid for the Village of Cold Spring Collection and Disposal of Residential and Commercial Refuse and Recyclables dated November 15, 2021 (the "Bid");
3. I am the President and a Director of Panichi Holding Corp. d/b/a Royal Carting Service Co. (the "Contractor") submitting its response to the Bid;
4. All statements and declarations made by the Contractor in the Bid are true to the best of my knowledge and belief;
5. That no officer, major stockholder, or directors of the Contractor has been convicted of any crime; and
6. Neither the Contractor or any of the officers, shareholders, or directors have ever filed for Bankruptcy.

Emil Panichi, President

Sworn to before me this
19 day of November, 2021.

IMPORTANT NOTICE TO ALL PERMITTEES

The permit you requested is enclosed. Please read it carefully and note the conditions that are included in it. The permit is valid for only that activity expressly authorized therein; work beyond the scope of the permit may be considered a violation of law and be subject to appropriate enforcement action. Granting of this permit does not relieve the permittee of the responsibility of obtaining any other permission, consent or approval from any other federal, state, or local government which may be required.

Please note the expiration date of the permit. Applications for renewal of the following permits must be submitted to the Regional Permit Administrator:

- 180 days or more prior to the expiration date for Major Air Pollution Control, Solid Waste, and Hazardous Waste Permits; or
- 30 days or more prior to the expiration date for all other operational permits, except for SPDES.

Application for renewal of SPDES permit must be submitted on forms prescribed by the department and sent to the Chief Permit Administrator, Division of Environmental Permits, 625 Broadway, Albany, NY 12233-1750. Renewal applications must be submitted 180 days or more prior to the expiration date

The DEC permit number & program ID number (if applicable) noted on page 1 of the permit are important and should be retained for your records. These numbers should be referenced on all correspondence related to the permit, and on any future applications for permits associated with this facility/project area.

If you have any questions on the extent of work authorized or your obligations under the permit, please contact the staff person indicated below or the Division of Environmental Permits at the above address.

Renewal & Mod Effective Date: September 16, 2020 Expiration Date: September 15, 2025

NYSDEC Approval

By acceptance of this permit, the permittee agrees that the permit is contingent upon strict compliance with the ECL, all applicable regulations, and all conditions included as part of this permit.

Permit Administrator: Rebecca S. Crist, Deputy Regional Permit Administrator
Address: NYSDEC REGION 3 HEADQUARTERS
21 SOUTH PUTT CORNERS ROAD
NEW PALTZ, NY 12561-1620

Authorized Signature: Rebecca S Crist Issue Date: 09/16/2020

DISTRIBUTION LIST

David Pollock, DEC R3 DMM
Lin Lin, DEC R3 DMM
Supervisor of East Fishkill
Dutchess County Department of Health

PERMIT COMPONENTS

SOLID WASTE MANAGEMENT PERMIT CONDITIONS

GENERAL CONDITIONS, APPLY TO ALL AUTHORIZED PERMITS

NOTIFICATION OF OTHER PERMITTEE OBLIGATIONS

SOLID WASTE MANAGEMENT PERMIT CONDITIONS

PERMIT COMPLIANCE

1A. Part 360 Series: The facility must operate in conformance and compliance with 6 NYCRR Part 360 Series Solid Waste Management Facilities Regulations or any revisions hereafter promulgated and any State law, rule, code, or regulation; and, the special and general conditions of this permit.

1B. Failure of the permittee to meet any of the terms and conditions of this permit is a violation of Part 360 Series regulations and may subject the permittee to enforcement action.

2. Compliance: Initial issuance or renewal of this permit shall not be construed as a determination by the Department that the facility is in compliance with applicable regulations or with the permit conditions. That determination will be made by the Department by means of periodic facility inspections and compliance audits.

AUTHORIZED WASTE and OPERATIONS

3. Acceptable Wastes: The facility shall accept only Municipal, Commercial, and Institutional Solid Waste (MSW) and Construction and Demolition Debris (C&D), as defined by 6 NYCRR Part 360. The permittee may also accept and handle recyclables, including recyclables glass, plastic, metal, paper, and cardboard, provided it is adequately controlled so as to prevent litter, odor and vector problems and is stored inside or in covered containers to prevent exposure to the elements.

The facility is prohibited from accepting asbestos waste as defined in 360.2(b)(117). However, C&D debris which contains minor amounts of non-friable asbestos and which is not categorized as asbestos waste, may be accepted but may not be pulverized, shredded, ground, or handled in any manner that causes the material to become airborne or friable.

The facility is not authorized to accept tires in bulk, but may accept tires which are incidental to incoming loads of waste. The tires shall be separated from the incoming waste and stored separately in enclosed container prior to shipment to a facility authorized to accept bulk tires. The permittee may store up to 1,000 waste tires on site in closed container.

4. Tonnage Limits: The permittee is authorized to accept Municipal, Commercial, and Institutional Solid Waste (MSW), Construction and Demolition Debris (C&D), and Recyclables at a maximum combined rate of 330 TONS per DAY and 1,750 TONS per WEEK.

5. Unacceptable Wastes: The permittee is prohibited from accepting any waste not specifically authorized in special condition #3 above including but not limited to hazardous waste; liquid waste; sewage sludge or septage; chemical or explosive waste; or industrial wastes as defined in 6 NYCRR 360 and/or Part 371; infectious or medical wastes as defined in Public Health Law 1389-aa and Environmental Conservation Law Article 27 Section 1501; waste tires in bulk; yard waste; or asbestos waste.

6. Operating Hours: The facility may RECEIVE waste only during the following periods:

MONDAY through FRIDAY:	between 7:00 A.M. and 4:30 P.M.
SATURDAY:	between 7:00 A.M. and 1:00 P.M.

The facility may PROCESS waste as necessary only during the following periods:

MONDAY through FRIDAY:	between 7:00 A.M. and 7:00 P.M.
SATURDAY:	between 7:00 A.M. and 3:00 P.M.

Tipping and processing shall occur inside the building only, to remove the MSW/C&D waste from the tipping floor, to process material, and to load material into closed containers or closed trucks.

Queuing of vehicles prior to 7:00 A.M. is prohibited.

All receipt, delivery, or other operations are prohibited on all Sundays.

The facility shall not operate on the following New York State Holidays: New Year's Day, Memorial Day, Independence Day (4th of July), Labor Day, Thanksgiving Day, and Christmas Day, unless otherwise authorized by the Department due to a demonstrated public need.

Fully loaded trailers may be picked up at the facility for shipment off-site and routine equipment and building maintenance may occur outside the operational hours listed above, provided no other solid waste handling activity takes place at the facility and that a log of such activities is maintained. The trailers must be weighed and this tonnage must be included in the daily tonnage limits and recordkeeping requirements for the facility for the day they depart the facility.

7. Ultimate Disposal of Waste: All solid waste passing through the facility must be ultimately treated or disposed of at a facility authorized by the Department if located in New York State, or by the appropriate governmental agency or agencies if in other states, territories, or nations.

8. Comprehensive Recycling Analysis: The permittee shall only accept solid waste generated by sources located within municipalities or planning units which are included in a comprehensive recycling analysis

(CRA) which has been approved by the Department pursuant to 6 NYCRR Part 360.11 and which have implemented the recyclables recovery program determined to be feasible by the analysis.

WASTE ACCEPTANCE and HANDLING

9. Control Program: Pursuant to Part 360.19(c) a control program, which must include an employee training program, must be instituted to recognize and properly handle unauthorized waste brought to the facility. An employee who has been trained in accordance with the Department-approved training program must be present as loads of incoming solid waste are discharged onto the tipping floor or processing pad to inspect each load for unauthorized waste.

Unauthorized waste received at the facility shall be removed from the facility within 24 hours of receipt. The Department must be notified of each incident as specified elsewhere in this permit, and in the annual report. Records of each incident shall be maintained pursuant to Part 360.19(k) and made available for Department review at the facility. At a minimum, the record of the incident shall contain the date the waste was received, the type of waste received, the date of disposal, the disposal method, and the location of disposal. Any unauthorized waste accepted at the facility must be managed in accordance with applicable Federal or State laws and regulations.

10. Vehicles: All loaded incoming and outgoing vehicles must be appropriately covered, enclosed, or otherwise secured, so as to prevent dust and blowing litter. The permittee shall deny entry to any vehicle that does not comply with this condition. Outbound loaded vehicles may be stored outside during and after operating hours provided leachate is contained in or collected from the vehicles and the vehicles remained covered. All loaded vehicles must be removed no later than the close of the next business day.

All trucks with C&D debris in roll-off containers shall be parked inside the transfer station building.

11. Tipping Floor: All waste must be removed from the tipping floor at the end of each day and then must be cleaned by washing or other appropriate method to prevent odors and other nuisance conditions with all the residuals properly removed and disposed. Putrescible solid waste which cannot be shipped off-site may be stored in enclosed containers inside the building overnight and must be removed no later than the next business day. Outside storage of putrescible waste is prohibited.

12. C&D and Recyclables from C&D: All processed C&D and recyclables culled from C&D must be transported in accordance with 6 NYCRR Part 361-5.5(a). All C&D and recyclables culled from C&D must be tracked using the Department's Tracking Form or a form that has received written Department approval.

All C&D (processed and unprocessed) and recyclables culled from C&D must be managed and stored in accordance with Part 361-5.4(f). All unprocessed and processed C&D must be processed and stored in areas with appropriate leachate collection systems having monitorable secondary containment. Recyclables recovered from the C&D debris and source-separated recyclables cannot be stored onsite for more than sixty (60) days unless prior written approval has been granted by the Regional Materials Management Engineer (RMME). All recovered material(s) must be stored in a manner approved by the Department.

Pulverized C&D and/or screenings from C&D debris at the facility cannot be used for Alternative Operating Cover (AOC) at landfills unless written approval is first obtained from the Department.

13. Residential Drop Off Area: The Residential Drop Off area shall be constructed in accordance with the plans submitted with the Permit Application package received December 26, 2019, certified by Daniel W. Stone, P.E. no later than 90 days of issuance of this permit.

The collection containers for waste shall always be enclosed or kept under the canopy when not being accessed by the public for waste drop off. All MSW shall be removed from this area when the container is full or by the end of business day, whichever is earlier.

ONLY residents in personal vehicles are allowed to unload in the residential drop off area. Commercial trucks and contractors are prohibited to unload waste in the residential drop off area.

14. Alternative Operating Cover (AOC): The permittee may use processed C&D debris as alternate daily cover at Chenango County Landfill (DEC solid waste permit # 7-0848-00005/00003) in accordance with approval letter dated February 8, 2017 signed by Mr. Brian J. Parker. In addition, AOC generated from this facility shall also meet the sampling requirement as indicated in the letter dated April 14, 2006 signed by Mr. Frank Kelly. C&D debris tracking form shall be used and maintained in accordance with Part 361-5.6.

If the permittee wishes to use C&D debris as AOC at another facility other than Chenango County Landfill, the permittee shall submit a request to NYSDEC Region 3 Office referencing sampling requirements specified in Part 360 series regulations and the letter dated on April 14, 2006 signed by Mr. Frank Kelly unless otherwise approved by the NYSDEC Region 3 office.

MITIGATION of IMPACTS

15. Tracking: The permittee shall regularly inspect the condition of on and off-site roads which provide immediate access to and from the facility, to determine if dirt, mud or litter from the facility or from vehicles using the facility is being deposited thereon. The permittee shall take such steps as may be necessary (including, but not limited to, paving of on-site access roads) to prevent such conditions or to correct them promptly if they develop. The actual site shall also be regularly inspected and cleaned of all debris and dirt.

16. Nuisance Conditions: The operation of the facility must be conducted in such a manner that dust, litter, vectors, noise, and odors do not cause a nuisance condition or pose a threat to the health and safety. Any operational changes deemed necessary by the Department to correct nuisance conditions must be implemented, including immediate cessation of all or part of the facility's operation.

Dust in the transfer station building shall be controlled by means of the facility fire hose or other appropriate means.

17. Noise: At least once a year, the permittee shall conduct a noise survey to determine compliance with 6 NYCRR Part 360.19(j)). The survey shall be carried out by an individual with expertise in noise analysis. The report must be submitted to the Department within thirty days of when the data has been obtained. In addition to what is required in Part 360 and the Department's noise guidance document, this report shall also contain the raw data, including any interference that may have been observed during the data collection process (for example, cars passing by) and the operational conditions of the facility (equipment, trucks, etc.).

If it is demonstrated that site conditions make noise impacts on the surrounding community unlikely, the permittee may petition the Department to waive annual monitoring. If a waiver is granted, the noise survey must be conducted upon renewal of the permit. The Department reserves the option to reinstitute the annual noise survey requirement if, at its sole discretion, the Department determines that conditions at the site have changed and the waiver is no longer justified.

FACILITY MAINTENANCE

18. Leachate Collection: In accordance with 6 NYCRR Part 360.19(d) and 360.19(n), all interstitial spaces, secondary containment systems, overfill protection systems, leachate collection/conveyance systems, and the overall condition of the above ground tank and sumps must be inspected and recorded on a weekly basis.

All leachate collection components must be kept unobstructed and free draining at all times. Leachate must be collected and properly disposed of from all waste hauling trailers stored onsite. In the event of an overflow of the collection tanks, operations will cease until they are pumped out, washed down, cleared of debris, or otherwise repaired. Leachate must not be allowed to overflow the collection sump within the load-out trailer tunnel.

Reports of the weekly inspections and the quantities of leachate removed, as well as the final destination for leachate disposal, must be maintained at the facility for at least seven years and be available for Department review at the facility.

19. Tipping Floor: Annually, the facility tipping floor shall be emptied of all material and cleaned to allow inspection by a Professional Engineer (PE) to determine its condition. This inspection shall be done on a schedule approved by the Department, and shall occur in the same month of each succeeding year. The facility may change the month of the floor inspection providing that the time elapsed between inspections does not exceed twelve (12) months. A report must be submitted to the Department, complete with photographs, within thirty (30) days of the floor inspection describing any results and any problems encountered. In the report, the permittee shall describe what action, if any, is proposed to address any concerns found. The permittee will take whatever measures are necessary to prevent the release of contaminants (including leachate) into the environment, including but not limited to cessation of waste handling in the affected areas. The Department reserves the right to have the facility clean the tipping floor at any time for inspection if it is suspected the integrity of the floor might be questionable.

20. Walls, Ceilings and Support Structures: The receiving facility building walls shall be cleaned a minimum of once a year.

CONSTRUCTION REQUIREMENTS

21. New Construction: At least ninety (90) days prior to commencement of any new construction, including subsequent phases, the permittee shall submit to the Department for its review and approval, engineering plans prepared by an individual who is licensed to practice engineering in the State of New York. Except for emergency repairs, no construction shall commence until written approval is received from the Department. All construction activities at this site must be supervised by an individual licensed to practice engineering in the State of New York.

The facility cannot modify or expand any aspect of the approved construction or operation except in accordance with department approval. This includes mining, re-grading or otherwise modifying the facility and/or property which does not comply with approved plans and specifications.

All construction shall be in strict conformance with the provisions of the special conditions of this permit; 6 NYCRR Part 360 Series regulations and any revisions hereafter promulgated; and, to the extent that they do not conflict with this permit and Part 360 Series, and the Engineering plans and reports prepared by a Professional Engineer (PE) licensed to practice in New York State and any revisions to these plans and reports which are approved in writing by the Department.

22. **All construction shall be in strict conformance with the previsions of:**
a) The Solid Waste Management Permit Conditions of this permit,
b) Current 6 NYCRR Part 360 Series Solid Waste Management Facilities regulations or any revisions hereafter promulgated and any State law, rule, code, or regulation; and to the extent that they do not conflict with (a) and (b);
c) Permit application package submitted as response to August 1, 2019 NOIA received December 26, 2019, certified by Daniel W. Stone, P.E.

23. **Notifications:** The permittee shall notify the Regional On-Site Environmental Monitors Coordinator ("ROSEMC") by telephone (845-256-3138) or e-mail (David.Pollock@dec.ny.gov) in writing and five (5) days prior to commencement of any construction, including subsequent phases of a construction project, to provide the Department with an opportunity to observe and inspect the construction.

24. **Certification:** Prior to acceptance of waste, a Construction Certification Report signed, stamped and certified by a professional engineer (PE) licensed to practice in the State of New York, must be submitted to the Department within forty-five (45) days after completion of any construction for review and approval. The construction certification report must certify that the construction was completed in accordance with the PE certified plans and/or reports and in compliance with all applicable 6 NYCRR Part 360 Series regulations. As-built drawings of the new construction and the entire facility, as well as photographs, shall be submitted to the Department as part of the Report. Operation of the portion of the facility subject to the certification report cannot begin until the Department has reviewed an acceptable construction certification report as described above and has provided written approval to the permittee.

25. **Fire Protection Plan:** A fire protection plan, approved by the local fire marshal shall be submitted to RMME in New Paltz within sixty (60) days of permit issuance if has not previously done so.

ENVIRONMENTAL MONITOR

26. **Assignment:** Pursuant to Part 360.20 upon written notification by the Department or if the account already exists, the permittee shall fund or continue to fund an on-site environmental monitor (OSEM). Department employees shall act as OSEMs at the facility. The OSEM shall be present during all aspects of facility operation and construction at times designated by the Department. It is not the intention of this condition to prevent the permittee from conducting such activities as are otherwise authorized by this permit if the OSEM is unable to be present at any particular time.

27. **Facilities:** The permittee shall provide office space which shall at a minimum include a desk, chair, phone, internet connection, and any other appropriate office equipment required by the OSEM to undertake normal duties. This office space and equipment must be acceptable to the Department.

28. Monitor Account: The account to fund the environmental monitor(s), shall continue as follows:

A. Upon written notification, the Permittee shall fund environmental monitoring services to be performed by or on behalf of the Department. These monitoring services will include, but not be limited to, the scope of work in an annual environmental monitoring work plan which is incorporated by reference and enforceable under this Permit.

B. The Permittee shall provide to the Department on an annual basis the funds necessary to support the activities set forth in the annual environmental monitoring work plan. The sum to be provided will be based on the annual budgeted amount and is subject to annual revision. Subsequent annual payments shall be made for the duration of this Permit or until the environmental monitoring services are no longer necessary, whichever comes first.

C. The Permittee shall be billed annually, prior to the start of each State Fiscal Year (SFY) (April 1). If this Permit is to first become effective subsequent to April 1, the initial bill will be for an amount sufficient to meet the anticipated cost of the environmental monitoring services through the end of the current SFY.

D. The Department may revise the required annual bill on an annual basis to include all of the Department's estimated costs associated with the environmental monitoring services. The annual revision may take into account such factors as inflation, salary increases, changes in the fringe benefits rate, changes in operating hours and procedures, changes in non-personal service costs (including travel, training, sampling and analytical, and equipment costs, etc.), an increase or decrease in the level of environmental monitoring services necessary, and an increase or decrease in the number of environmental monitors. Upon written request by the Permittee, the Department shall provide the Permittee with a written explanation of the basis for any revisions.

E. Prior to making its annual payment, the Permittee will receive, and have an opportunity to review, an annual environmental monitoring work plan that the Department will undertake during the year.

F. Payments are to be made in advance of the period in which they will be expended and shall be made in full within 30 days of receiving a bill from the Department. The bill from the Department to the Permittee will provide information regarding to whom payments should be made payable and the address to which payments should be sent.

G. Failure to make the required payments shall be a violation of this Permit. The Department reserves all rights to take appropriate action to enforce the above payment provisions.

H. The environmental monitor shall, when present at any of the Permittee facilities, abide by all of the Permittee health and safety and operational requirements and policies, if such requirements and policies exist and provided they are not inconsistent with Department policies and labor management contracts, and further provided, however, that this shall not be construed as limiting the environmental monitor's powers as otherwise provided for by law and shall not result in the environmental monitor being afforded less protection than otherwise provided to the environmental monitor by State and Federal health and safety requirements.

I. The environmental monitor shall receive from the Permittee all general and site-specific safety training which is normally given to new facility/site employees for all areas of the facility or site. This training will be a supplement to the health and safety training that the environmental monitor receives from the Department.

J. Upon selection of the environmental monitor, the Permittee shall immediately furnish to the environmental monitor any facility/site health and safety and operational requirements and policies. Within five (5) days of any revision to the facility/site health and safety and operational requirements and policies, the Permittee shall furnish to the environmental monitor the health and safety and operational requirements and policies.

K. The environmental monitor shall be permitted to use environmental monitoring and data collection devices (e.g., photo ionization detectors, cameras, video recording devices, computers, cell phones, etc.) deemed necessary by the Department to evaluate and document observed conditions. Copies of the data or images collected from areas where confidentiality is a concern shall be provided to the Permittee upon their request. The Permittee may request the data and images be considered confidential information if appropriate.

L. It will remain the responsibility of the Permittee to contact the Spill Hotline or any Division within the Department regarding any required notification of any spill, release, exceedances etc. Notification to the environmental monitor will not be considered sufficient to replace any required notifications.

APPROVED DOCUMENTS

29. Approved or Relevant Documents: The facility shall be operated in conformance with the following approved or relevant plans and documents, to the extent they do not conflict with 6 NYCRR Part 360 Series Solid Waste Management Facilities Regulations and this permit:

a) Engineering Report, dated April 10, 2006, prepared for Watch Hill Holding Corporation by The Chazen Companies.
b) 6 NYCRR Part 360 permit renewal application, dated February 8, 2012, signed by Emil Panichi, with associated information submitted by James Constantino on behalf of Royal Carting.
c) Permit application package submitted as response to August 1, 2019 NOIA received December 26, 2019, certified by Daniel W. Stone, P.E.

The Department reserves the right to request, after permit approval, updated documents.

SUBMISSIONS, APPROVALS, and NOTIFICATIONS

30. Submissions: Unless otherwise specified, all submissions required by this permit shall be made as follows:

One paper copy and one digital copy on CD to:

Regional Materials Management Engineer
Division of Materials Management – Region 3

New York State Department of Environmental Conservation
21 South Putt Corners Road
New Paltz, New York, 12561-1620

One digital copy on CD to:

Bureau of Permitting and Planning
Division of Materials Management
New York State Department of Environmental Conservation
625 Broadway, 9th Floor
Albany, New York 12233-7258

31. Approvals: All approvals required by this permit shall be obtained in writing from either the Regional Materials Management Engineer (RMME) or the Regional Permit Administrator (RPA), or their designees.

The permittee shall obtain prior approval from the Department for any new construction or work which will result in a modification of the facility or any component of the facility.

Prior approval is not required for the repair or replacement of a facility component provided that such repair or replacement does not result in a modification of the facility or any component of the facility and provided that the Department is notified in writing five (5) days prior to commencement of the repair or replacement work to allow Department oversight of the work. Exceptions to this condition would include but not limited to the need for approvals as determined by the Department for floor and leachate collection and storage system repairs, etc. Notification shall be provided to david.pollock@dec.ny.gov.

Emergency or other repairs to facility components which result in a modification, as defined above, are undertaken at the risk of the permittee, unless prior approval is granted by the Department. The permittee shall restore the facility to its previously approved configuration, if directed to do so by the Department.

32. Notifications: The permittee shall notify the Regional On-Site Environmental Monitors Coordinator ("ROSEMC") by telephone (845-256-3138) or e-mail (David.Pollock@dec.ny.gov) **immediately** of any emergency situations, including but not limited to fires, receipt of unauthorized waste, spills, a cessation of operation at the facility, liquid detected in any secondary containment system, or if any structure or component becomes damaged or malfunctions in any way. The notification shall describe the nature of the emergency, emergency actions taken or proposed, and the schedule for implementation of the emergency actions. These emergency incidents must be further documented in the facility's annual report.

Prior to performing any non-routine construction, monitoring, or maintenance activity, (except for emergency repairs), the ROSEMC shall be notified in writing at least five (5) business days in advance of such activity.

All repairs shall be in accordance with approved plans unless otherwise authorized in writing by the Department.

REPORTS and RECORDS

33. Permit and Plans: A copy of this permit, along with all documents mentioned in the special conditions and documents required by 6 NYCRR Part 360, must be available for inspection by NYSDEC, or the Dutchess County Health Department, during operational hours at the project site.

The permittee shall make all facility employees familiar with the approved Operations & Maintenance Manual and Contingency Plan and have them available for ready reference on the site. The permittee shall provide copies of the approved plans to the Dutchess County Health Department.

The facility shall have an individual(s) on site that is (are) sufficiently trained in the implementation of the Contingency Plan and is/are sufficiently trained in incident response. The permittee shall be responsible for making these documents available for non-English speaking employees whose primary language is other than English. These documents must be available to employees no later than sixty (60) days after the effective date of this permit and/or the start of a new employee with special language requirements.

34. Updates: All reports, plans and manuals, unless otherwise specified in the permit application or special conditions, must be updated no less frequently than renewal of the permit to operate. The permittee must submit revised plans and reports at any time that such revisions are necessary to comply with revised 6 NYCRR Part 360 Series regulations and/or whenever the permittee is notified by the Department that revisions are necessary to comply with applicable 6 NYCRR Part 360 Series regulations, regardless of whether or not such plans or reports have been previously approved. All updated plans, manuals, and reports must be prepared, stamped and signed by a Professional Engineer licensed to practice engineering in the State of New York.

35. Annual Report: An annual report shall be submitted no later than March 1 of each calendar year while this permit is in effect. The annual report must be prepared in accordance with Part 360.19(k)(3). The annual report must include a revised closure/post-closure cost estimate in accordance with Part 360. If closure costs have changed, an updated financial assurance mechanism and an updated standby trust agreement (if applicable) must be provided to the Department.

36. Logs and Inspections: A daily log for receipt and transport of all waste shall be maintained in accordance with 6 NYCRR Part 360.19(k)(2) and be available for Department review. The daily log must contain, at a minimum: the date; name and signature of the individual recording the information; the quantity, description, and origin of waste received at the facility; the quantity and destination of recyclables sent from the facility by major category; and, the quantity and destination of C&D debris and MSW and other approved wastes sent from the facility for disposal.

Any complaint received by the permittee about the operation of this facility must be documented in a complaint log book, with a description of action taken to alleviate the concern and the results of the action. Documentation must be available for review at the Department's request. The log must contain the date and time of the complaint, nature of the complaint, name of person (whether Department staff, resident, employees, etc.) reporting the complaint, weather conditions at time of complaint, the action taken to alleviate the condition, and the effectiveness of the actions taken.

All incoming waste received at the facility must be inspected prior to acceptance and inspected again after tipping for unacceptable and/or unauthorized wastes. Inspections of random and/or suspicious loads must be recorded on a daily basis and must contain the date of the inspection; the signature of the individual recording the information; a description of the wastes; the type of unauthorized waste found (if

applicable); and the final disposition of the unauthorized waste. Such records must be maintained at the site and be available for Department review.

All inspection logs, records and monitoring records shall be maintained on-site by the permittee for a period of seven years from the date of recording.

CHANGES in OWNERSHIP or MANAGEMENT

37. Transfer Process: Pursuant to 6 NYCRR Part 621, prior to a change in the owner(s) or the operator(s) the facility, the permittee is required to submit for approval, on Department-approved forms, information needed by the Department to determine the fitness of the individual or company who will assume operation or ownership of the facility. The following requirements apply:

a. If the permittee intends to contract with an individual or company to become a new operator of the facility, the permittee must notify the Department (Regional Materials Management Engineer) in writing at least thirty (30) days prior to the proposed change in operator and the proposed operator must submit a completed Record of Compliance (ROC) form.

b. For a corporate permittee, whose stock is privately held, if there is any change in officers, principals, directors or stockholders of the permitted company, the permittee must notify the Department (Regional Materials Management Engineer, or RMME) at least thirty (30) days prior to this change and submit a completed ROC form for each officer, principal, etc. that is proposed to change.

c. If an individual or another company acquires any or all of the stock of the permitted company, the stock buyer must notify the Department at least thirty (30) days prior to the proposed change in stock ownership and submit a completed ROC form. If the stock buyer is a non-publicly traded company, then any officer, principal, director or stockholder of the company acquiring the stock, as well as the company itself, must submit a completed ROC form. If the new stockholder is a publicly traded company, any stockholder of it who owns (or increases their stock ownership to) at least 25% of the publicly traded stock must submit a "30-day prior notification" and a completed ROC from to the Department.

FINANCIAL ASSURANCE

38. Instrument: In accordance with 6NYCRR Part 360.22 and Part 373-2.8 of this title, the permittee shall maintain with the Department a form of Financial Assurance acceptable to the Department, in the minimum amount as determined by an acceptable closure cost estimate for closure and post-closure monitoring of this facility. Such financial document shall clearly state any expiration date assigned by the financial institution or permittee. Neither the provision of the Financial Assurance, nor any act of the Department in drawing upon the financial funding shall relieve the permittee of their obligation to comply with this permit and the requirements to close the facility properly. The surety shall be in a form acceptable to the Department, and submitted to:

Regional Materials Management Engineer
Division of Materials Management – Region 3
New York State Department of Environmental Conservation
21 South Putt Corners Road
New Paltz, New York 12561-1620

The financial assurance instrument must be in place and in effect prior to operation of the facility.

39. Adjustment: The Department reserves the right to adjust the amount of the Financial Assurance to account for changing closure costs and for non-compliance with any conditions of this permit or any requirement of Part 360.

40. Termination: In the event that the financial institution or permittee proposes to terminate the Financial Assurance at any time, the permittee shall, no less than thirty (30) days prior to the effective date of such termination, provide a substitute Financial Assurance in the same amount and form, or other form acceptable to DEC. If an acceptable substitute has not been provided by thirty (30) days prior to the termination date, DEC may draw upon the Financial Assurance for its amount and hold the amount drawn as a cash collateral guarantee until such time as an acceptable substitute is provided or if necessary during the time prior to the provision of a substitute Financial Assurance, may expend such sums as may be required in the event of the permittee's default of its obligations regarding compliance with this permit, the Permit to Operate this facility or its closure.

CLOSURE REQUIREMENTS

41. Closure: Unless this permit is renewed, the permittee shall close the site prior to the expiration date of this permit or prior to the expiration of any renewals of this permit in accordance with the closure requirements in 6 NYCRR Part 360.21, and any approved closure plan.

Within forty-five 45 days of the completion of the closure activities, the permittee shall submit to the RMME a certification, prepared and stamped by a Professional Engineer licensed to practice engineering in New York State, that the facility has been closed in accordance with 6 NYCRR Part 360 series regulations; and certifying that the need for further maintenance or corrective actions is minimized and that adverse environmental or health impacts such as, but not limited to, contravention of surface water and groundwater quality standards, gas migration, odors and vectors are prevented or remedied.

CESSATION of CONSTRUCTION or OPERATIONS

42. Cessation: The facility must routinely and regularly receive authorized solid waste during the permit period. All equipment necessary for the safe and compliant operation of the facility, and required by the approved Engineering Report, O&M Manual, Contingency Plan, and the terms of this permit, must be in place and functional at all times. If construction or operation activities allowed under this permit cease for a period of twelve (12) consecutive months, the permit automatically expires on the last day of the 12th month following cessation of activities. There is no automatic expiration when the cessation of construction or operation is caused by factors beyond the reasonable control of the permittee, as determined by the Department, or when such cessation is in accordance with the provisions of the permit.

GENERAL CONDITIONS - Apply to ALL Authorized Permits

1. Facility Inspection by the Department: The permitted site or facility, including relevant records, is subject to inspection at reasonable hours and intervals by an authorized representative of the Department

of Environmental Conservation (the Department) to determine whether the permittee is complying with this permit and the ECL. Such representative may order the work suspended pursuant to ECL 71- 0301 and SAPA 401(3).

The permittee shall provide a person to accompany the Department's representative during an inspection to the permit area when requested by the Department.

A copy of this permit, including all referenced maps, drawings and special conditions, must be available for inspection by the Department at all times at the project site or facility. Failure to produce a copy of the permit upon request by a Department representative is a violation of this permit.

2. Relationship of this Permit to Other Department Orders and Determinations: Unless expressly provided for by the Department, issuance of this permit does not modify, supersede or rescind any order or determination previously issued by the Department or any of the terms, conditions or requirements contained in such order or determination.

3. Applications For Permit Renewals, Modifications or Transfers: The permittee must submit a separate written application to the Department for permit renewal, modification or transfer of this permit. Such application must include any forms or supplemental information the Department requires. Any renewal, modification or transfer granted by the Department must be in writing. Submissions of applications for permit renewal, modification or transfer are to be submitted to:

Regional Permit Administrator
NYSDEC REGION 3 HEADQUARTERS
21 SOUTH PUTT CORNERS RD
NEW PALTZ, NY 12561 -1620

4. Submission of Renewal Application: The permittee must submit a renewal application at least 180 days before permit expiration for the following permit authorizations: Solid Waste Management.

5. Permit Modifications, Suspensions and Revocations by the Department: The Department reserves the right to exercise all available authority to modify, suspend or revoke this permit. The grounds for modification, suspension or revocation include:

a. materially false or inaccurate statements in the permit application or supporting papers;
b. failure by the permittee to comply with any terms or conditions of the permit;
c. exceeding the scope of the project as described in the permit application;
d. newly discovered material information or a material change in environmental conditions, relevant technology or applicable law or regulations since the issuance of the existing permit;
e. noncompliance with previously issued permit conditions, orders of the commissioner, any provisions of the Environmental Conservation Law or regulations of the Department related to the permitted activity.

6. Permit Transfer Permits are transferrable unless specifically prohibited by statute, regulation or another permit condition. Applications for permit transfer should be submitted prior to actual transfer of ownership.

NOTIFICATION OF OTHER PERMITTEE OBLIGATIONS

Item A: Permittee Accepts Legal Responsibility and Agrees to Indemnification
The permittee, excepting state or federal agencies, expressly agrees to indemnify and hold harmless the Department of Environmental Conservation of the State of New York, its representatives, employees, and agents ("DEC") for all claims, suits, actions, and damages, to the extent attributable to the permittee's acts or omissions in connection with the permittee's undertaking of activities in connection with, or operation and maintenance of, the facility or facilities authorized by the permit whether in compliance or not in compliance with the terms and conditions of the permit. This indemnification does not extend to any claims, suits, actions, or damages to the extent attributable to DEC's own negligent or intentional acts or omissions, or to any claims, suits, or actions naming the DEC and arising under Article 78 of the New York Civil Practice Laws and Rules or any citizen suit or civil rights provision under federal or state laws.

Item B: Permittee's Contractors to Comply with Permit
The permittee is responsible for informing its independent contractors, employees, agents and assigns of their responsibility to comply with this permit, including all special conditions while acting as the permittee's agent with respect to the permitted activities, and such persons shall be subject to the same sanctions for violations of the Environmental Conservation Law as those prescribed for the permittee.

Item C: Permittee Responsible for Obtaining Other Required Permits
The permittee is responsible for obtaining any other permits, approvals, lands, easements and rights-of-way that may be required to carry out the activities that are authorized by this permit.

Item D: No Right to Trespass or Interfere with Riparian Rights
This permit does not convey to the permittee any right to trespass upon the lands or interfere with the riparian rights of others in order to perform the permitted work nor does it authorize the impairment of any rights, title, or interest in real or personal property held or vested in a person not a party to the permit.

Item E: SEQR
Under the State Environmental Quality Review Act (SEQR), the project associated with this permit is classified as an Unlisted Action and the Department of Environmental Conservation has determined that it will not have a significant effect on the environment. Other involved agencies may reach an independent determination of environmental significance for this project.

Re: **Panichi Holding Corp. DBA Royal Carting Service Co. - Surety Bond Capacity Letter**

To Whom It May Concern,

It has been the privilege of Travelers Casualty and Surety Company of America to provide surety bonds on behalf of Panichi Holding Corp. DBA Royal Carting Service Co. since 2006. It is our opinion that Panichi Holding Corp. DBA Royal Carting Service Co. is qualified to perform bonded work as we have successfully bonded surety obligations for them in the past. At their request, we will give favorable consideration to providing required performance and payment bonds. In our opinion, Panichi Holding Corp. DBA Royal Carting Service Co. remains properly financed, well equipped, and capably managed.

Travelers Casualty and Surety Company of America reserves the right to perform normal underwriting at the time of any bond request, including, without limitation, prior review and approval of relevant contract documents, bond forms, and project financing. We assume no liability to any third parties if for any reason we do not execute such bonds.

Travelers Casualty and Surety Company of America is listed on the U.S. Treasury Department's Listing of Approved Sureties (Department Circular 570), and is rated A++ XIII by A.M. Best Company.

Very truly yours,
Travelers Casualty and Surety Company of America

POWER OF ATTORNEY

KNOW ALL MEN BY THESE PRESENTS: That Travelers Casualty and Surety Company of America, Travelers Casualty and Surety Company, and St. Paul Fire and Marine Insurance Company are corporations duly organized under the laws of the State of Connecticut (herein collectively called the "Companies"), and that the Companies do hereby make, constitute and appoint **Nancy Paino** of **POUGHKEEPSIE**, **New York**, their true and lawful Attorney(s)-in-Fact to sign, execute, seal and acknowledge any and all bonds, recognizances, conditional undertakings and other writings obligatory in the nature thereof on behalf of the Companies in their business of guaranteeing the fidelity of persons, guaranteeing the performance of contracts and executing or guaranteeing bonds and undertakings required or permitted in any actions or proceedings allowed by law.

IN WITNESS WHEREOF, the Companies have caused this instrument to be signed, and their corporate seals to be hereto affixed, this **21st** day of **April, 2021.**

State of Connecticut

City of Hartford ss.

By: _____
Robert L. Raney, Senior Vice President

On this the **21st** day of **April, 2021**, before me personally appeared **Robert L. Raney**, who acknowledged himself to be the Senior Vice President of each of the Companies, and that he, as such, being authorized so to do, executed the foregoing instrument for the purposes therein contained by signing on behalf of said Companies by himself as a duly authorized officer.

IN WITNESS WHEREOF, I hereunto set my hand and official seal.

My Commission expires the **30th** day of **June, 2026**

_____
Anna P. Nowik, Notary Public

This Power of Attorney is granted under and by the authority of the following resolutions adopted by the Boards of Directors of each of the Companies, which resolutions are now in full force and effect, reading as follows:

RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President, any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary may appoint Attorneys-in-Fact and Agents to act for and on behalf of the Company and may give such appointee such authority as his or her certificate of authority may prescribe to sign with the Company's name and seal with the Company's seal bonds, recognizances, contracts of indemnity, and other writings obligatory in the nature of a bond, recognizance, or conditional undertaking, and any of said officers or the Board of Directors at any time may remove any such appointee and revoke the power given him or her; and it is

FURTHER RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President may delegate all or any part of the foregoing authority to one or more officers or employees of this Company, provided that each such delegation is in writing and a copy thereof is filed in the office of the Secretary; and it is

FURTHER RESOLVED, that any bond, recognizance, contract of indemnity, or writing obligatory in the nature of a bond, recognizance, or conditional undertaking shall be valid and binding upon the Company when (a) signed by the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary and duly attested and sealed with the Company's seal by a Secretary or Assistant Secretary; or (b) duly executed (under seal, if required) by one or more Attorneys-in-Fact and Agents pursuant to the power prescribed in his or her certificate or their certificates of authority or by one or more Company officers pursuant to a written delegation of authority; and it is

FURTHER RESOLVED, that the signature of each of the following officers: President, any Executive Vice President, any Senior Vice President, any Vice President, any Assistant Vice President, any Secretary, any Assistant Secretary, and the seal of the Company may be affixed by facsimile to any Power of Attorney or to any certificate relating thereto appointing Resident Vice Presidents, Resident Assistant Secretaries or Attorneys-in-Fact for purposes only of executing and attesting bonds and undertakings and other writings obligatory in the nature thereof, and any such Power of Attorney or certificate bearing such facsimile signature or facsimile seal shall be valid and binding upon the Company and any such power so executed and certified by such facsimile signature and facsimile seal shall be valid and binding on the Company in the future with respect to any bond or understanding to which it is attached.

I, **Kevin E. Hughes**, the undersigned, Assistant Secretary of each of the Companies, do hereby certify that the above and foregoing is a true and correct copy of the Power of Attorney executed by said Companies, which remains in full force and effect.

Dated this **17th** day of **November**, **2021**.

Non-Collusive Bidding Certification

In accordance with the provisions of General Municipal Law Section 103-d as amended, the following "Non-Collusive Bidding Certification" is and shall become a part of this Bid:

By submission of this Bid, each Contractor and each person signing on behalf of any Contractor certifies, and, in the case of a joint Bid, each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief;

1. the prices in this Bid have been arrived at independently without collusion, consultation, communication, or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other Contractor or with any competitor;

2. unless otherwise required by law, the prices which have been quoted in this Bid have not been knowingly disclosed by the Contractor and will not knowingly be disclosed by the Contractor prior to openings, directly or indirectly, to any other Contractor or to any competitor; and

3. no attempt has been made or will be made by the Contractor to induce any other person, partnership, or corporation to submit or not to submit a Bid for the purpose of restriction of competition.

Village of Cold Spring Refuse / Recyclables Bid Date of Opening: November 19, 2021

ROYAL Carting Service Company

65TH ANNIVERSARY • 1955 • 2020

Quality Service Since 1955

POLICY STATEMENT

The policy of Royal Carting is to provide equal employment opportunities to all applicants and employees without regard to race, creed, color, citizenship status, religion, sex, sexual orientation, marital status, age, national origin, genetic information, status as an individual with a disability or status as a disabled and/or Vietnam Era veteran or other protected veteran or any other legally protected status and to affirmatively seek to advance the principles of equal employment opportunity.

The Company takes affirmative action to ensure that applicants and employees covered under Executive Order 11246, as amended, the Rehabilitation Act of 1973 and/or the Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended, are not discriminated against because of their race, color, sex, national origin, status as an individual with a disability or status as a disabled and/or Vietnam Era veteran and other protected veteran or any other legally protected status.

As Director of Human Resources of Royal Carting, I affirm that the above policy and the Affirmative Action Programs executed simultaneously reflect the Company's attitude and its intention to:

1. Recruit, hire, train and promote for all job classifications without regard to race, creed, color, religion, sex, sexual orientation, marital status, age or national origin, genetic . information or any other legally protected status.

2. Base decisions on employment so as to further the principles of equal employment opportunity.

3. Ensure that all other personnel actions such as compensation, promotions, benefits, transfers, terminations, Company-sponsored training, educational tuition assistance, social and recreational programs are administered without regard to race, creed, color, religion, sex, sexual orientation, citizenship status, age, national origin, genetic information or any other legally protected status.

4. Ensure that employees and applicants shall not be subjected to harassment, intimidation, threats, coercion or discrimination because they have engaged in or may engage in any of the following activities:

(845) 896-6000 • (845) 221-4300 • (800) 522-7235 • FAX: (845) 227-7734

U.S. GREEN BUILDING COUNCIL MEMBER

- Filing a complaint;
- Assisting or participating in an investigation, compliance review, hearing or any other activity related to the administration of Executive Order 11246, as amended, the Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended, or Section 503 of the Rehabilitation Act of 1973, as amended (Section 503) or any other federal, state or local law requiring equal opportunity;
- Opposing any act or practice made unlawful by Executive Order 11246, as amended, the Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended, or Section 503 or its implementing regulations in this part or any other federal, state or local law requiring equal opportunity; or
- Exercising any other right protected by Executive Order 11246, the Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended, Section 503, or their implementing regulations.

5. Provide pursuant to the Rehabilitation Act of 1973 and to the Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended, equal employment opportunities as set forth above to qualified individuals with disabilities and to qualified disabled veterans and/or veterans of the Vietnam Era or other protected veterans.

Royal Carting, in compliance with Executive Order 11246, as amended by Executive Order 11375, maintains a written Affirmative Action Program. The EEO Administrator will make portions of the AAP available to prospective employees and employees on request during working hours.

The Company, in compliance with the Rehabilitation Act of 1973 and the Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended, maintains written Affirmative Action Programs which are made available to prospective employees and employees upon request during working hours.

Overall responsibility for directing and implementing the policy enunciated herein and the Company's Affirmative Action Programs 'has been assigned to Evelyn Panichi, Director of Human Resources, PO Box 1209, Hopewell Junction, NY 12533-1209, 845-896-6000, who serves as the Company's Equal Employment Opportunity Administrator. All personnel actions will be analyzed to ensure that this policy and the Affirmative Action Programs are being properly implemented and periodic reports will be submitted to me so that I may monitor progress.

Royal Carting is determined to be in full compliance with the provisions of the law and of the Affirmative Action Programs.

DATE: 11/18/2021

If the Contractor is an individual, the Bid must be signed by that individual; if the Contractor is a corporation, by an officer of the corporation, or other person authorized by resolution of the board of directors, and in such case a copy of the resolution must be attached; if a partnership, by one of the partners or other person authorized by a writing signed by at least one general partner and submitted with the Bid.

"The submission of this Bid constitutes a certification that no Village Officer has any interest therein. (Note: In the event that any Village Official has any such interest, the full nature thereof should be disclosed below.)"

Certification of Compliance with the Iran Divestment Act

As a result of the Iran Divestment Act of 2012 (the "Act"), Chapter 1 of the 2012 Laws of New York, a new provision has been added to State Finance Law (SFL) § 165-a and New York General Municipal Law § 103-g, both effective April 12, 2012. Under the Act, the Commissioner of the Office of General Services (OGS) will be developing a list of "persons" who are engaged in "investment activities in Iran" (both are defined terms in the law) (the "Prohibited Entities List"). Pursuant to SFL § 165-a (3) (b), the initial list is expected to be issued no later than 120 days after the Act's effective date at which time it will be posted on the OGS website. By submitting a Bid in response to this solicitation or by assuming the responsibility of a Contract awarded hereunder, each Proposer/Contractor, any person signing on behalf of any Proposer / Contractor and any assignee or subcontractor and, in the case of a joint Bid, each party thereto, certifies, under penalty of perjury, that once the Prohibited Entities List is posted on the OGS website, that to the best of its knowledge and belief, that each Proposer / Contractor and any subcontractor or assignee is not identified on the Prohibited Entities List created pursuant to SFL § 165-a (3) (b).

Additionally, Proposer/Contractor is advised that once the Prohibited Entities List is posted on the OGS Website, any Proposer/Contractor seeking to renew or extend a Contract or assume the responsibility of a Contract awarded in response to this solicitation must certify at the time the Contract is renewed, extended or assigned that it is not included on the Prohibited Entities List.

During the term of the Contract, should the Village receive information that a Proposer/Contractor is in violation of the above-referenced certification, the Village will offer the person or entity an opportunity to respond. If the person or entity fails to demonstrate that he/she/it has ceased engagement in the investment which is in violation of the Act within 90 days after the determination of such violation, then the Village shall take such action as may be appropriate including, but not limited to, imposing sanctions, seeking compliance, recovering damages or declaring the Proposer/Contractor in default.

The Village reserves the right to reject any Bid or request for assignment for a Proposer/Contractor that appears on the Prohibited Entities List prior to the award of a contract and to pursue a responsibility review with respect to any Proposer/Contractor that is awarded a contract and subsequently appears on the Prohibited Entities List.

EMIL PANICHI SIGNATURE: 
being duly sworn, deposes and says that he/she is the

PRESIDENT

of the Proposer/Contractor and that neither the Proposer/Contractor nor any proposed subcontractor is identified on the Prohibited Entities List.

PLANET-FRIENDLY WASTE DISPOSAL SERVICES

Recycling Guidelines

You can now place ALL recyclables in ONE bin!

1. Put all recyclable items (bottles, cans and plastics) together in the recycling container provided by Royal Carting.
2. All materials must be empty of food residue. Rinsing is helpful. It is not required to remove labels from cans. Plastic items can be flattened. Glass should not be broken.
3. Do not place mixed paper in plastic bags. Stack in recycling container or place in a brown grocery bag.
4. Please curb your recyclables and garbage the night before collection day.

GLASS BOTTLES *Juice, wine, catsup, food jars, canning jars*
- No caps or lids
- Rinsed and unbroken
- All colors

METAL FOOD CANS AND ALUMINUM FOIL *Canned foods, aluminum cans, pet food cans, food trays*
- Rinsed
- Do not flatten

PLASTIC CONTAINERS *Dairy, milk, juice, water, jugs, shampoo, liquid dishwashing, laundry detergent, bleach, soda*
- No caps or lids
- Rinsed of food particles
- Drained, flattened

MIXED PAPER *Newspapers, glossy inserts, magazines, junk mail, telephone books, mixed office paper, dry food boxes, shoe boxes, paper egg cartons, flattened cardboard*
- Must be clean of food residue

COMPOSTING

The Dutchess County Waste-to-Energy Power Plant will not accept yard waste due to its lack of combustibility. They recommend that yard waste be composted. Composting is an environmentally acceptable method of disposing of yard waste and the end product is an excellent source of plant bedding. Following is a list of retailers who stock composting bins and tools for composting.
- Adams Fairacre Farms 454-4330
- Phantom Gardener Nursery 876-8606
- Agway 876-1559

HOUSEHOLD HAZARDOUS WASTE

The Dutchess County Resource Recovery Agency collects household hazardous waste (for example: product containers marked Warning, Hazardous, Flammable, Poisonous, Corrosive, etc.) and electronic waste (for example: TVs, computers, radios, etc.) on designated Saturdays several times each year. Please contact them at 463-6020 or www.dcrra.org for a detailed list of acceptable items, upcoming dates and mandatory preregistration information.

EWASTE *Televisions, monitors, personal computers, mice, and keyboards, small scale servers, fax machines, printers, scanners, VCR/DVR/DVD players, portable digital music players, digital converter boxes, cable or satellite receivers, electronic or video game consoles, cell phones*

You can drop off ewaste at either one of our NYS DEC Transfer Stations.
